Senior Full Stack Engineer | MERN & React Native | Technical Lead | Building Scalable SaaS & AI Applications

PROFESSIONAL SUMMARY

Results-driven Full Stack Engineer and technology leader with 6+ years of experience designing, developing, and scaling web and mobile applications. Currently serving as CTO & Co-founder of Nanostack Pvt. Ltd. while leading multiple SaaS products and client solutions. Skilled across the MERN stack, React Native, system architecture, team leadership, AI integrations, and cloud deployment. Proven ability to lead cross-functional teams and turn business ideas into scalable, production-grade products.

EXPERIENCE

CTO & Co-founder

Aug 2023 - Present

Nanostack Pvt. Ltd.

- Lead engineering teams of up to **15 developers**, delivering **20+ software projects** across multiple industries.
- Architect scalable SaaS platforms on the MERN stack, owning planning, architecture, deployment, and delivery.
- Integrated payment gateways, cloud infrastructure, authentication, and AI features into production systems.
- Partner directly with founders and enterprise clients, driving company revenue growth through technical leadership.

Founder

Aug 2023 - Present

Apna Thali — Food-Tech Subscription Platform

- Built and launched a food-tech subscription platform from scratch, reaching **15,000+ app downloads** and **12,000+ registered users**.
- Grew an active subscriber base of **100+** while onboarding a network of restaurant and vendor partners.
- Led product strategy, technology, operations, and customer acquisition end to end.

Development Team Lead

Jun 2020 - May 2023

Satya Kabir E-Solutions Pvt. Ltd.

- Led development teams delivering scalable web and mobile applications with React and React Native.
- Built REST APIs using Node.js and Express, and raised code quality through reviews and development standards.
- Mentored junior developers and coordinated directly with clients on requirements and delivery.

Web Developer (Part-time)

Sep 2020 - Dec 2020

K.C. Education and Social Welfare Society

- Developed and maintained institutional websites, delivering frontend enhancements and maintenance remotely.

Frontend Web Developer

Oct 2019 - Mar 2020

Frontend Development

- Built responsive websites using React and JavaScript, improving UI/UX and frontend performance.
- Collaborated closely with backend developers to integrate APIs and ship features.
